

Student Election Worker's Teacher Recommendation

Thanks you for your application to work in the elections. The polls are open from 9:00 a.m. until 7:00 p.m. You will need to report to work no later than 8:00 a.m. Expect to be there until at least 7:30 p.m. You cannot leave during the day so bring your lunch or have someone bring it to you. We ask that you turn your cell phone off during the day and use it only for emergencies.

There will be a training class about two hours long on one evening of the week before the election. You will be paid \$15 for the class and \$66 for Election Day. If you are chosen to work, we will notify you by mail. We will inform you about the time of your class and which precinct you are to report at.

We ask one more thing. Please have two teachers sign as references. Be sure that their name and yours is printed legibly.

Thank you for your interest in helping us conduct honest elections.
